## Accessibility Statement

Flores Forward Foundation is committed to ensuring that our website, [floresforwardfoundation.org](https://floresforwardfoundation.org), is accessible to everyone, including individuals with disabilities. We believe that every student, family member, and community partner deserves equal access to the information and services we provide, regardless of ability or technology.

We are actively working to meet and maintain conformance with the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA, as published by the World Wide Web Consortium (W3C).

---

### Our commitment

As a nonprofit organization dedicated to removing barriers to higher education for first-generation Latino students and underserved communities, accessibility is not just a technical requirement — it is a core part of our mission. We strive to ensure that our digital presence reflects the same equity and inclusion we champion in our work.

---

### Measures we are taking

To support accessibility across our website, Flores Forward Foundation is committed to the following:

- Conducting regular accessibility audits of our website content and features
  - Ensuring all images include descriptive alternative text
  - Using sufficient color contrast ratios to support users with low vision
  - Providing clear and consistent navigation throughout the site
  - Making all PDF and document downloads screen reader-compatible
  - Captioning video content and providing transcripts where applicable
  - Ensuring all forms and interactive elements are keyboard-navigable
  - Testing our website with assistive technologies, including screen readers
- 

### Known limitations

While we strive to make all content fully accessible, some older content or third-party tools embedded on our site may not yet meet WCAG 2.1 AA standards. We are actively working to identify and address these gaps. If you encounter an accessibility barrier, we encourage you to contact us directly so we can assist you and prioritize the issue.

---

## Assistive technology compatibility

Our website is designed to be compatible with the following assistive technologies:

- Screen readers, including NVDA, JAWS, and VoiceOver
  - Keyboard-only navigation
  - Browser zoom up to 200% without loss of content or functionality
  - High contrast display modes
  - Speech recognition software
- 

## Feedback and contact

We welcome your feedback on the accessibility of our website. If you experience any barriers or difficulty accessing content on floresforwardfoundation.org, please contact us:
